BUILD AROUND YOUR HOUSEHOLD

Use what you own first. Match quantities to people, days and medical needs. Supplies are preparation, never a reason to delay escape.

Household considerations.

Keep untreated and treated water in different labeled containers. Use clean utensils and teach each person how safe water is dispensed. Plan extra care for infant feeding and people with weakened immunity; a field filter is not automatically suitable for every medical use.

Sources & limits.

Civilian educational guidance. Linked references may use U.S. emergency systems; local warning methods, laws, services and conditions differ.

Source-linked editorial guidance. Not independent clinical or specialist certification. Training and product-specific instructions remain essential.
