

Go bag

ACTION CHECKLIST

Pack a portable bag with the essentials you need to leave quickly: medicines, documents, contact information, water, food, light, phone power and weather-appropriate clothing. Keep it light enough to carry and a separate grab list for items used every day.

[] Plan the destination

Know where you can go and how you will get there.

[] Pack personal essentials

Include medication arrangements, identification copies, keys and accessible supplies.

[] Add basic support

Pack water, snacks, light, charger, hygiene supplies and appropriate clothing.

[] Test and maintain

Carry the bag briefly, reduce excess weight and refresh dated items.

WATCH FOR

Never delay an urgent evacuation to finish packing.

Updated 2026-10-02 | General guidance. Follow current local instructions. In immediate danger, contact emergency services.
